

iThink Software Change Log

Last Update: 07-08-2025

Note:

- The software is embedded in the iThink module.
- Allows you to update the software and firmware of iThink modules.
- List of devices supported: http://downloads.ioline.pt/ithink/docs/Mordomus_iThink_Devices.pdf

Mordomus iThink v2025.1Release date: 07-08-2025

- NEW: Support for PIR-MS360 module;
- UPDATE: Remote access for mobile applications;

Mordomus iThink v2025Release date: 30-07-2025

- NEW: Support for iWL88 module;
- NEW: Support iOrangeT thermostats;
- NEW: Support for iOrangeKS, iOrange8K, iOrange4K2S modules;
- UPDATE: Remote access for mobile applications;
- UPDATE: Support for iWL68 module;
- UPDATE: Support for iWS4 devices;

Mordomus iThink v2024.3Release date: 19-12-2024

- NEW: Types of electricity meters: consumption, production, import and export;
- NEW: It is now possible to define the totalizer value of an energy meter;
- UPDATE: Remote access for mobile applications;

Mordomus iThink v2024.2Release date: 03-12-2024

- NEW: Support for iWS2 module (3.5" LCD Touch Screen + 2 inputs + 2 outputs + temperature sensor);
- NEW: Support for iRZ8.1 module (interconnection with Airzone devices);
- UPDATE: Remote access for mobile applications;

Mordomus iThink v2024.1Release date: 01-10-2024

- NEW: Support for iSMF1 module;
- NEW: Support for iAQ51 (Air Quality Sensor);
- NEW: Support for iAQ5W HW2.0 (Air Quality Sensor WiFi);
- UPDATE: Remote access for mobile applications;

Mordomus iThink v2024

Release date: 26-03-2024

- NEW: Support for iDI4W;
- NEW: Support for iOW88 v2;
- NEW: Support for iZDL1 (Z-Wave);
- NEW: Support for iAQ5W (Air Quality Sensor);
- UPDATE: RGB lighting control;
- UPDATE: Climatization;
- UPDATE: Bootloader;
- UPDATE: Remote access for mobile applications;
- UPDATE: Performance improvement;

Mordomus iThink v2023.2

Release date: 21-09-2023

- NEW: Support for iAQ50W (Air Quality Sensor);
- UPDATE: Remote access for mobile applications;
- UPDATE: Multimédia;

Mordomus iThink v2023.1

Release date: 12-06-2023

- NEW: Support for iWS4 (Touch Screen 4");
- NEW: Support for iPCC iThink (HW3.1) module;
- NEW: Support for RGB switch (requires firmware update for light modules);
- NEW: Lite Version available
- UPDATE: Remote access for mobile applications;
- UPDATE: Multimédia;

Mordomus iThink v2023

Release date: 16-01-2023

- NEW: Support for dimmer switch (requires firmware update for light modules);
- NEW: Database reset (function only available for installers);
- UPDATE: Remote access for mobile applications;
- UPDATE: Climatization;

Mordomus iThink v2022.1

Release date: 03-11-2022

- NEW: Support for iPCC iThink (HW3.0) module;
- NEW: Support for iRZ8 module;
- UPDATE: Multimédia;
- UPDATE: Climatization;

Mordomus iThink v2022

Release date: 07-06-2022

- NEW: Support for iSND1SW module;

- NEW: Support for iSND1W module;
- NEW: Support for iDI3W module;
- NEW: Support for iMETEO (HW2);
- UPDATE: Multimédia;
- UPDATE: Climatization;
- UPDATE: Bootloader;
- UPDATE: Remote access for mobile applications;

Mordomus iThink v2021.3

Release date: 19-10-2021

- UPDATE: Remote access for mobile applications;

Mordomus iThink v2021.2

Release date: 17-06-2021

- NEW: Support for iMS6 module;
- UPDATE: Multimédia;

Mordomus iThink v2021.1

Release date: 19-05-2021

- UPDATE: Climatization;

Mordomus iThink v2021

Release date: 18-05-2021

- NEW: Support for iSLS8 module;
- UPDATE: Support for iKX3232 module;
- UPDATE: Bootloader;
- UPDATE: Climatization;
- UPDATE: Remote access for mobile applications;
- UPDATE: Video for Hikvision video devices;

Mordomus iThink v2020.4

Release date: 10-12-2020

- UPDATE: Video-Doorphone for Hikvision video devices;
- UPDATE: Remote access for mobile applications;
- UPDATE: integration with iOldCare system;

Mordomus iThink v2020.3

Release date: 07-10-2020

- UPDATE: Bootloader;

Mordomus iThink v2020.2

Release date: 23-09-2020

- NEW: Mini-Touch ICPDAS TPD-283-H with climate control;
- UPDATE: Video-Doorphone for Hikvision video devices;

- UPDATE: Remote access for mobile applications;
- UPDATE: Logger;

Mordomus iThink v2020.1

Release date: 14-07-2020

- NEW: Support for iThink HW v1.2 module;
- NEW: Support for iWL68 module;
- NEW: Support for iDL64 module;
- UPDATE: Video-Doorphone for Hikvision and Mazi video devices;
- UPDATE: Bootloader;

Mordomus iThink v2020

Release date: 09-03-2020

- NEW: Integration of IoT device: iLED41;
- UPDATE: Bootloader;

Mordomus iThink v2019.6

Release date: 03-10-2019

- NEW: Integration with iThink module: iKX3232 (interconnection with KNX devices);

Mordomus iThink v2019.5

Release date: 21-08-2019

- NEW: Integration of IoT devices: iSH11, iSH11M, iSH22M;
- UPDATE: Bootloader;
- UPDATE: Irrigation;
- UPDATE: Logger;
- UPDATE: Multimedia;

Mordomus iThink v2019.4

Release date: 27-06-2019

- NEW: Integration of IoT devices: iSF11, iSF22, iSFTH1, iSF20

Mordomus iThink v2019.3

Release date: 21-05-2019

- UPDATE: Notifications for mobile applications (Android and iOS);
- UPDATE: Video-Doorphone for Hikvision and Mazi video devices;
- BUGFIX: Security update in the SIP protocol for "Mazi IP Video Intercom Door Stations";
- BUGFIX: Tamper alarms;

Mordomus iThink v2019.2

Release date: 12-04-2019

- NEW: detection of communication failure with modules;
- UPDATE: Remote access for mobile applications;
- UPDATE: Logger;

- UPDATE: Multilanguage;

Mordomus iThink v2019.1

Release date: 12-03-2019

- NEW: Notifications for mobile applications (already available for Android);
- UPDATE: module iOW88 update;
- UPDATE: Climatization;
- UPDATE: list of web radios;

Mordomus iThink v2019

Release date: 06-02-2019

- UPDATE: Logger;
- UPDATE: Bootloader;
- UPDATE: Remote access for mobile applications;

Mordomus iThink v2018.11

Release date: 10-12-2018

- UPDATE: Video-Doorphone now supports Mazi IP Video Intercom Door Stations (PV13P-1 and PV13A-1);
- UPDATE: Climatization;
- UPDATE: Multimedia;

Mordomus iThink v2018.10

Release date: 09-11-2018

- UPDATE: Variables

Mordomus iThink v2018.9

Release date: 07-11-2018

- UPDATE: Climatization;
- UPDATE: Connectivity;
- UPDATE: Bootloader;
- UPDATE: Multimedia;

Mordomus iThink v2018.8

Release date: 22-10-2018

- NEW: Integration with iThink module: iOW88;
- NEW: Italian language;
- UPDATE: Irrigation;
- UPDATE: Climatization;
- UPDATE: Presence Simulation;
- UPDATE: Quick Menu customized functions;
- UPDATE: Recycling of historical data;

Mordomus iThink v2018.7

Release date: 24-08-2018

- NEW: Integration with iThink module: iLO88;
- NEW: Support for iThink HW v1.1 module;
- NEW: iThink license status;
- UPDATE: iLED88 module can control ventilation devices;

Mordomus iThink v2018.6

Release date: 25-06-2018

- NEW: Integration with Modem GSM Huawei MU709 built in iThink module;
- UPDATE: Sensor, status and iThink meters configuration;
- UPDATE: Notification of software and hardware updates;
- UPDATE: Z-Wave interface;

Mordomus iThink v2018.5

Release date: 28-05-2018

- UPDATE: iThink input configuration;
- BUGFIX: Emap configuration;

Mordomus iThink v2018.4

Release date: 24-05-2018

- UPDATE: Z-Wave interface;
- UPDATE: IF Conditions;
- BUGFIX: Deactivation of the Scheduled Functions individually;

Mordomus iThink v2018.3.1

Release date: 22-03-2018

- UPDATE: Z-Wave interface;

Mordomus iThink v2018.3

Release date: 16-03-2018

- UPDATE: Z-Wave interface;
- UPDATE: Climatization;
- UPDATE: EMAP;

Mordomus iThink v2018.2

Release date: 09-03-2018

- The wind level of the iMeteo module will be displayed in the unit of measure km/h;
- Module replacement function in module registration;
- Integration with Z-Wave devices: iZ2EM, iZ1DIN;
- UPDATE: Z-Wave interface;
- UPDATE: Climatization;
- UPDATE: Multimedia;
- UPDATE: Logger;

Mordomus iThink v2018.1

Release date: 16-02-2018

- Bootloader for iThink modules firmware update;
- Notification for software and hardware updates in the home screen;
- The luminosity level of the iMeteo module will be displayed in the unit of measure Lux;
- UPDATE: Multimedia;
- UPDATE: Logger;

Mordomus iThink v2018.0.1

Release date: 01-02-2018

- Fixes the toggle behavior for the presence sensors;
- Fixes the Refresh Rate and Delta setting for iAC88 modules;

Mordomus iThink v2018

Release date: 19-01-2018

- Windows 10 application for iThink remote access;
- Implementation of variables with values from 0..100;
- Integration with Z-Wave device: iZRPT3;
- Energy Meters at Z-Wave devices;
- There are two methods to exclude Z-Wave devices from iThink software:
 - Using the exclusion procedure using the Z-Wave device to remove;
 - Remove only from software the selected device (but does not delete pairing with USB device);
- Verification and installation of the Z-Wave drivers automatically in the software updates for iThink software;
- Inclusion at the software backup and restore all data related to the Z-Wave devices and configurations;
- Multimedia update with iSND8 and bugfix at the Aux inputs and dedicated inverted;
- Digital status association to monitor the state of an output;
- List of web radios list has been updated;
- BUGFIX: IF Conditions when using iMeteo;

Mordomus iThink v2017.1.5

Release date: 15-12-2017

- Integration with iSND8 module;
- Integration with Z-Wave device: iZODL Dimmer;
- iOS iThink Application;
- Remote access via Browser;
- Climatization;
- BUGFIX: Video-Door update for Mobotix device;

Mordomus iThink v2017.1.4

Release date: 15-11-2017

- Integration with Mini-Touch ICPDAS TPD-283-H;
- Integration with Modem GSM Sierra Wireless Fastrack FXT009 (recommended for USB connection only);
- Integration with Z-Wave devices: iZDM2, iZSL6, iZSPIRB, iZSPIRC, iZSIRB, iZPLG1, iZPLG2, iZPLG3, iZ0FC11, iZ0FC22;

Mordomus iThink v2017.1.3

Release date: 21-09-2017

- Integration with Z-Wave devices: iZWCS1, iZWCST1, iZSPIRA, iZSPIRD, iZSPIRY, iZSSMK1, iZSL3, iZSL4, iZOF22, iZSIR1, iZSIRI1;

Mordomus iThink v2017.1.2

Release date: 08-09-2017

- Integration with Z-Wave devices: iZSL1, iZSL2, iZSL7, iZSL5, iZOF11, iZWIN1AC, iZTCT1;

Mordomus iThink v2017

Release date: 31-05-2017

- Integration with modules: iThink, iTM1, iTM3, iMS5, iMETEO, iOCT41, iLD88, iAC88, iUD4, iLED88, iW48, iDI32, iOC66, iOF88, iRM8, iPSB;
- Android app for iThink remote access;
